# Signage and Branding

## The History Behind Our Logo

After long discussions on what our logo should look like we decided to let the community be involved by way of a design competition. Students and community members submitted their designs and judging took place with local student Claudia Cush announced as the winner. The tree symbolises the 120 year old Olive Tree which sits proudly in the centre of our school grounds and the stars follow the five core values.

## Core Value Street Signs

Throughout the school grounds we have core value street signs. Spirit Street, Teamwork Drive, Aspire Avenue, Respect Road and Success Lane. These signs were produced by our local council.

## Our Feather Flags

Proudly standing in the courtyard of our school. The flags are a reminder to visitors and students of the values each day. Printed by Star Outdoor Brisbane.
